

# INTERNATIONAL SHOOTING SPORT FEDERATION

The Technical Director

**TO** Novolipetsk Steel  
**Subject :** Clay target Testing

**Type : NLMK ECO**  
***APPROVED***

*Munich, 20. September 2020*

**CUSTOMER:** Novolipetsk Steel

**SAMPLING SITE:** samples were delivered directly to ISSF in July 2020

**GOAL OF RESEARCH:** Technical tests and polynuclear aromatic hydrocarbons (PAH) tests.

**IDENTIFICATION OF SAMPLES (SPECIMENS):**

Reference number of the sample	Identification of the samples, 
50	The NLMK ECO has been delivered in carton package; <u>by random 10 Targets were selected for measuring and 40 were used for shooting in the DT event.</u>

Testing Results:

The targets were tested and approved according the ISSF Rules, (breakability,dimensions) and ECO standards, and therefore APPROVED, as they fulfill the requirements of the ISSF Standards.

Best regards,

Willi Grill
